Microsoft · Azure · AI · IoT · Engineering Team Ecosystem

Executive Board · Engineering Leadership · Investor Ready | 2026–2028

Why This Matters Now

Inspirionics is entering a critical scale-up phase. Growth now depends on an enterprise collaboration platform that can carry engineering, IP and global delivery at once.

CURRENT PRIORITIES

New IP Creation

Product Engineering

AI Integration

IIT Collaborations

Global Partnerships

Customer Deployments

Investor Readiness

Strategic Exit Preparation

THE BUSINESS CHALLENGE

Need an enterprise collaboration platform that supports:

- Engineering
- Documentation
- Security
- Knowledge Management
- AI Productivity
- Global Collaboration

CURRENT STATE

Why Becoming a Microsoft CSP Matters

THE MICROSOFT ECOSYSTEM FLYWHEEL

Revenue Opportunities

- Microsoft 365
- Azure
- Security
- Copilot
- Power Platform

Strategic Benefits

- CSP Margin Revenue
- Customer Retention
- Upsell Opportunities
- Enterprise Credibility
- Microsoft Ecosystem Access

Commitment & Billing Models Compared

Option	Monthly Cost	Annual Cost	Flexibility	Recommendation
1 Month + Monthly	High	Highest	Excellent	Not Recommended
1 Year + Monthly	Moderate	Moderate	Good	Consider
1 Year + Annual	Lowest	Lowest	Good	✓ Recommended
3 Year Commitment	Lowest	Long Lock-in	Low	Future Option

RECOMMENDED OPTION

7
USERS

Business Standard
LICENSE

1 Year
COMMITMENT

Pay Yearly
BILLING

₹64,680 + GST

Cost Optimization Across Commitment Models

Figures illustrative for 7 × Business Standard; annual = ₹64,680 + GST baseline.

ANNUAL BILLING SAVES MONEY

~15–20%

effective savings versus monthly flexibility models

Annual commitment removes month-to-month premium

Predictable cash outflow improves budgeting

Keeps upgrade path to Premium open

Right License for the Right User

BUSINESS PREMIUM

Leadership Team

BUSINESS STANDARD

Engineering Team

BUSINESS BASIC

Interns · Contractors

WHY TIERED LICENSING

Premium

Advanced security, Intune, Defender & Conditional Access for decision-makers

Standard

Full desktop apps + Teams/SharePoint for builders and engineers

Basic

Web apps + collaboration for interns and contractors at lowest cost

Mapping Licenses to the Inspironics Team

An Integrated Productivity Hub

Microsoft Teams

Chat, meetings, calls

SharePoint

Sites & document hub

OneDrive

Personal cloud files

Exchange

Enterprise email

Planner

Task & project tracking

Forms

Surveys & data capture

Loop

Live collaborative pages

Whiteboard

Visual ideation

Power Automate

Workflow automation

Product Development Lifecycle (PDLC)

MAPPED TOOLS ACROSS THE LIFECYCLE

Scale — multi-product & interns

Meeting Strategic Buyer Expectations

Enterprise buyers diligence the platform, not just the product. A governed Microsoft estate de-risks acquisition and lifts valuation.

Secure Collaboration

Encrypted, access-controlled teamwork

Governance

Policies, roles & audit trails in place

Documentation

Complete, discoverable engineering records

Retention Policies

Data lifecycle & legal hold managed

IP Management

Patents & models catalogued and secured

BOARD RECOMMENDATION

Approve & Proceed

APPROVE

-  Microsoft 365 Business Standard
-  7 Licenses
-  1 Year Commitment
-  Annual Billing
-  Future Upgrade Path to Premium

EXPECTED OUTCOMES

-  Better Collaboration
-  Faster Product Development
-  Stronger Security
-  Lower Cost
-  CSP Revenue Expansion
