ecisive

STRENGTHS - Mitigation 1

FUNDING BRIDGE secured

Continual funding ensures team execution and retention velocity

WEAKNESSES - Mitigation 2

SETTLEMENT PRIORITY

Resolve Ajith agreement first, blocking broker engagement legal risk

THREATS - Mitigation 3

CRITICAL PATH FOCUS

Only essential milestones, build-deferring non-critical features for confidence

OPPORTUNITIES - Mitigation 4

INSTANT DATA ROOM

Build comprehensive data room now, preventing late-stage deal failure

Mitigation Principle: Focus exclusively on the critical path. Every hour spent on non-essential builds is a direct risk to the December 1 date. Defer, delegate, or eliminate anything outside the critical path.
